

CASTLE PINES NORTH

METROPOLITAN DISTRICT

May 26, 2022

Dear Parker Water & Sanitation District Manager Ron Redd & Board of Directors:

Now that two newly elected directors are seated on our respective boards of directors, we are again reaching out to assess your willingness to negotiate the Inclusion of CPNMD's water and wastewater utilities.

As a first step in the re-engagement process, we propose our respective district managers and boards meet in person to further discuss at your earliest convenience.

Sincerely,

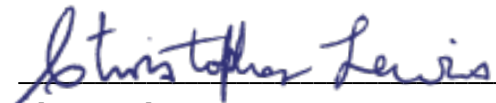

Chuck Lowen

President

CASTLE PINES NORTH

METROPOLITAN DISTRICT

May 26, 2022

Dear Centennial Water & Sanitation General Manager Sam Calkins & Board of Directors:

We are reaching out for two reasons. First, please accept a warm and sincere congratulations on Sam Calkins' appointment as your new district manager and the election of Tammy Essmeier and Frank McNulty to your board of directors.

Second, as you are aware, for over a decade, CPNMD's \$11 million InterConnect Pipeline has directly connected our communities and strengthened the relationship between CWSD and CPNMD. In that context, we see an opportunity to jointly leverage the Interconnect Pipeline, resulting in additional benefits accruing to the customers of both your jurisdiction and ours. With multiple win/win scenarios in mind, we are reaching out to assess your interest in formally discussing the possible Inclusion of CPNMD's water and wastewater utilities into CWSD.

We look forward to meeting with you at your earliest convenience.

Sincerely,

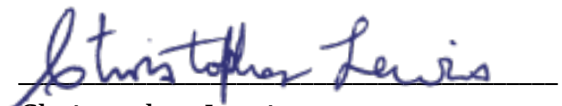

Chuck Lowen

President

CASTLE PINES NORTH

METROPOLITAN DISTRICT

May 26, 2022

Dear Aurora Water Manager Marshall Brown and City Manager Jim Twombly:

We are reaching out to assess your interest in working with Castle Pines North Metro District (CPNMD) to negotiate the Inclusion of the Castle Pines North Metro District's (CPNMD's) water and wastewater utilities into Aurora Water.

While persuading the City of Brighton to settle its lawsuit contesting the award of our northern Colorado water rights to Aurora Water, CPNMD and Aurora Water developed a good working relationship. We propose to discuss the possibility of building on that relationship for the benefit of both your customers and ours.

We look forward to meeting with you at your earliest convenience.

Sincerely,

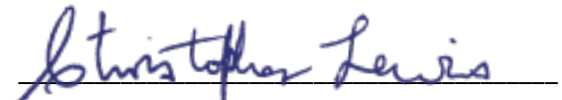

Chuck Lowen

President

Town of Castle Rock
Attn: Mark Marlowe
100 North Wilcox Street
Castle Rock, CO 80104

May 26, 2022

Dear Mark Marlowe:

We are reaching out to assess your interest in working with Castle Pines North Metro District (CPNMD) to investigate the feasibility, costs, and benefits of legally including CPNMD's water and wastewater utilities under Castle Rock Water's jurisdiction; one with enhanced economies of scale, lower cost-of-service trajectories, and lower monthly bills for customers in both jurisdictions.

We look forward to meeting with you at your earliest convenience.

Sincerely,

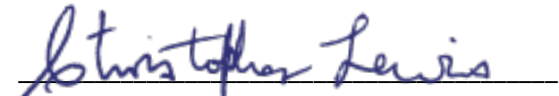

Chuck Lowen

President
